

Ph.D. Research Programme in Pharmacy

Research plays a vital role in the success of one's career which provides sustainability to build a platform for creativity and innovation to flourish the researcher and the organization.

In Pharma Research, the rapidly changing economic, trade and intellectual property scenario, nationally and internationally poses many challenges including the challenge of becoming leaders and competitors globally.

This necessitates a shift in the approach of pharmaceutical industry to move away from manufacturing only known drugs through innovative process routes to discovering and commercializing new molecules. Our Research center has an enabling infrastructure, mechanisms and linkages to facilitate new drug development.

Department of Pharmaceutics, Sankaralingam Bhuvanewari College of Pharmacy has been recognized to conduct research program leading to the award of Doctor of Philosophy in Pharmacy (Ph.D.) degree under The Tamil Nadu Dr. M.G.R. Medical University, Chennai.

The research center has facilities for the researchers and one can enroll Ph.D. programme in Pharmacy as a Full time / Part time researcher.

Research guides are open minded and adopt a critical way of thinking to accommodate the research proposals.

They are diligent, resourceful, inventive and devoting their specific field of interest to transform the scientific queries and hypothesis into a realistic protocol. Adopting a passion for research and knowledge to become truly outstanding.

The list of Ph.D. Guides recognized under The Tamil Nadu Dr. M.G.R. Medical University are given below.
